NHS hospitals

Trusted nationwide

Since 2004, we've been helping healthcare workers stop the spread of infection. Now we're bringing our infection prevention expertise beyond healthcare with Clinell Biodegradable Surface Wipes.

Clinell
Biodegradable
Surface Wipes

The green ones

Clinell for the home, the workplace and on-the-go. The cleaning and killing power of the NHS' number 1 disinfectant wipe brand in a plastic-free wipe made from responsible sources.

Tough on microbes

Clinell products are relied on every day to protect hospitals, businesses and homes from infection. Clinell Biodegradable Surface Wipes are effective against 99.99% of bacteria and viruses*. They clean and disinfect in a single wipe – killing microbes like *E. coli*, MRSA, coronavirus, norovirus and influenza in 30 seconds.

Wiping out plastic waste

Clinell Biodegradable Surface Wipes are plastic-free and biodegradable. The wipes are proven to biodegrade in active landfill conditions (according to ASTM D5511-18 standards) and our packaging is recycle-ready.

Responsibly sourced

Sustainability and responsibility run right through our supply chain. The natural fibres in our plastic-free wipes come from well-managed, FSC®-certified forests and other controlled sources. By choosing this product, you are supporting responsible management of the world's forests.

FSC®-certified

By choosing this product, you are supporting responsible management of the world's forests.

Kills 99.99%
of bacteria & viruses*
