

# Personal Care Cloths Range

Dermatologically tested cloths with added moisturiser for frequent patient use. Ideal for patients to keep themselves clean and fresh.

# Clinell Personal Care Cloths Range

## Skin-friendly range for personal care

Specifically developed to be gentle on skin and suitable for frequent use whilst effectively maintaining patient hygiene, Clinell Personal Care Cloths contain a unique dermatologically-tested formula: paraben-, lanolin- and alcohol-free. With added aloe vera extracts and Vitamin E, they moisturise skin, preventing dryness or irritation.

### Promotes healthy, soft skin

The cloths are formulated to be gentle on skin, designed for frequent use, without causing dryness or irritation.

### Keeps skin clean and refreshed

Clinell Personal Care Cloths are all-in-one skin cloths for the body, hands and face.

### Conforms to EPIC3<sup>1</sup> and PLACE<sup>2</sup>

Ideal for cleaning hands before eating and after using the toilet.

### Supports patient hand hygiene<sup>3</sup>

Providing individual wipe packs encourages patients to clean their hands, improving compliance and supporting infection prevention.

### Keep cloths at bedside

Clinell Personal Care Cloths 40 pack has an integrated clip, making it easy to attach to the bed and bedside locker.

### Available in a range of packs

Ideal for individual patient use for long or short hospital stays.

**Clinell Personal Care Cloths provide patients with the ability to stay fresh, offering the simplest skin cleansing solution.**
